

DIVERSITY NETWORK ACCREDITATION

Prove your organisation's commitment to equality, diversity and inclusion by getting the [Diversity Network Accreditation](#).

Before lockdown we presented the award to Swan Housing Association, and over the past few months we've had enquiries from other organisations keen to gain the prestigious accreditation.

The Diversity Network Accreditation is a forward thinking and outcome based accreditation framework. It is an independent, robust and comprehensive assessment of how your organisation deals with equality, diversity and inclusion.

Even if you don't achieve the accreditation at the first time of asking we provide details of areas for improvement and come back and do a re-evaluation.

NEW PROGRAMME

We've had fantastic feedback from our webinar on Black Lives Matter - What Can You Do?

The recording will be in the members area of our website in a day or two.

We're now developing a programme for Black and Minority Ethnic Staff who want to progress in their careers and navigate the complexities of the workplace.

The programme will consist of an Action Learning Set - bringing thinking and action together - and will initially be held online.

If you are interested in this either personally or for your team, email Moreen Pascal, HDN's Programmes Manager using the link below.
